

BIOTEC 02 SENSITIVE SKIN SOOTHING FACIAL

A desensitising, anti-redness facial to soothe and calm delicate, sensitive skin

THE UNIQUE FUSION OF ACTIVES, TOUCH & TECHNOLOGY

Join the revolution in skincare: effective, results driven treatments that herald a turning point in beauty therapy.

For the first time, Elemis has combined high-potency actives and its unique hands-on therapy with the science of bio-electric technology to deliver a new generation of facials.

THE FACIAL

Developed specially for irritated, inflamed and red skins, this ultra soothing facial calms sensitivity and lowers high colour to leave skin feeling comfortable and looking more even toned. Following a bespoke Elemis consultation, skin is gently cleansed and exfoliated to prepare it for healing properties of the **Sensitive Activator**. The extra comforting formula contains frankincense and Canadian willowherb, which help reduce redness and heat in the skin, calming and restoring moisture levels.

At the heart of every BIOTEC facial is Elemis' **Skin Lift TOUCH** therapy. This unique hands-on therapy combines a series of unique massage techniques, exclusive to Elemis facials, which softens and prepares the skin, enabling it to receive each technology more effectively.

Hydra-Active Gel Soothing Masks for the face and eyes further enhance the treatment's unique soothing ingredients, helping to moisturise and calm the skin, while a neck and shoulder massage using Japanese Camellia Body Oil helps relax tight muscles and recharge energy levels.

A combination of **oxygen infusion** and red **L.E.D. light therapy** technologies help to further heal skin irritation, sealing in moisture and calming redness. The red light wavelengths in the Light Therapy technology emit energy deep into the skin's layers, creating a bio-stimulatory action that increases collagen production and boosts microcirculation. This helps plump and smooth the appearance of fine lines and wrinkles, leaving skin firmer and rebalanced. Finally, the skin is finished with Daily Redness Solution to create an even skin tone.

TREATMENT BENEFITS

- ✓ Soothes and calms redness and sensitivity
- ✓ Restores balance and moisture levels
- ✓ Maximises skin repair
- ✓ Strengthens skin structure to help protect against internal and external aggressors

TARGETING

- ✓ Sensitive skin
- ✓ Irritation
- ✓ Inflammation

NOELLA GABRIEL, DIRECTOR OF PRODUCT & TREATMENT DEVELOPMENT, SAYS:

"I've created this facial in response to the growing number of clients affected by skin sensitivity and irritation. The unique combination of gentle actives, hands-on therapy and unique technology in the BIOTEC 02 Sensitive Skin Soothing Facial provides the perfect base to treat this condition."
